Gourmet Gift Baskets

Yum Yum! Who wouldn't enjoy receiving "Happy Holiday Wishes:", "Congratulations", or "Happy Birthday" messages in the form of a spectacular, custom, gourmet gift basket from Linton's Floral Shoppe? Specialty drinks, unusual cheeses, gourmet crackers, delicious cookies and fresh fruits, as well as decadent, hand-dipped chocolates can all be presented and delivered in an artistic manner that will show how much you truly care!

One of our most popular designs in our wide selection is our uniquely themed gift baskets. Each basket will be artistically created and presented exactly to your wishes. You might wish to create a junk-food lovers basket, or maybe a coffee basket. The candy basket is a favorite with our customers, but there's always cheese and crackers, too. Another option would be to incorporate specific interests into the custom designed basket that will certainly convey your individualized message. Linton's wide selection of unusual gifts is bound to please both the recipient as well as you, the gift giver!

We are well-prepared, not only to serve individual clients, but also to assist in corporate gift giving as well! Our gorgeous gourmet baskets are the perfect choice for the holiday season, or just to say "thanks for being our customer." We offer world-wide delivery for as little as one can order and we are equally well-equipped to deliver hundreds of gift baskets for our corporate clients as well.

Put your "thank you" in the hands of our skilled team of designers at Linton's Enchanted Gardens and they will remember your wonderful gift!

Poinsettia Care

Caring for your Poinsettias is easy!

As soon as this plant arrives home, be sure to wait to unwrap it indoors and NOT outside.

Place it in an area that will receive bright, indirect light away from heat vents. Avoid hot or cold drafts. Keep the soil moist to slightly dry at all times. The easiest method is to water with ice cubes, just one cube per inch of pot diameter. So, a 6" wide pot would receive just six ice cubes every few days. Poinsettias are available at Linton's Enchanted Gardens starting at \$4.99.

KIND WORDS FROM A CUSTOMER

Suggestions? Please continue with Linton's great innovative designs, amiable employees and excellent service. Mark and his team spent extra time and effort to help my grandson be a part of choosing and planting his (memorial) tree for his grandfather. Our family is grateful.

It was a pleasure working with everyone at Linton's Enchanted Gardens and I look forward to working with them in the future.

CHRISTMAS CARD RECYCLING

This winter we are again partnering with ADEC in Bristol. We will be collecting Christmas Card fronts that will be recycled into new cards by the ADEC residents. This is not only a great way to recycle your old Christmas cards, but to help a local organization turn the old cards into new cards that may be sold to help support their programs. Linton's will be collecting the card fronts at our customer service counter during the months of January and February. Please help us to help the residents at ADEC.

MR. SMARTY PLANTS

Dear Mr. Smarty Plants, It's late Fall! What can I do for my garden and plants before it snows? Signed - Not quite ready

Dear NQR, There is plenty to do before the garden rests. Empty and clean containers, drain hoses, oil/paint your tools. Store pesticides and fertilizers in a dry, well-ventilated location. Water and turn your compost pile one last time.

Prune plants and remove diseased leaves off shrubs and perennials. Dig up and discard annuals. Remove weeds and debris, but keep a small areas of fallen leaves in a protected corner for beneficial insects to overwinter. Cut back perennials, leaving stems with attractive seed heads for winter interest. Don't cut back Ornamental Grasses until spring as their foliage protects the growing crown from the cold. Mulch perennials and low shrubs when the ground freezes.

Until the ground freezes you can still add shrubs and trees that will give you interest in the winter months. Andorra and Grey Own Junipers change colors, Yellow and Red Twig Dogwoods add interest with their bark.

After you put your garden to rest, sit down with a cup of hot cider and enjoy the rest of autumn.
